书面表达(共二题,计 25 分)

(A) One possible version:

Hi, Michael,

Good news! There'll be a lecture in our school hall this Friday afternoon. Professor Zhang from Peking University will tell us something about Chinese tea culture. This will be followed by a tea party and you can taste different kinds of tea while chatting with teachers and students of our school. I wonder if you want to participate in it. Don't worry about the language. I'll be with you and explain what you don't understand. I'm looking forward to your coming.

Yours,

Li Hua

(B) One possible version:

What's the most important thing in the world? I think it's health. If our health were taken away, we would surely die. That's why we always try to eat in a healthy way and exercise regularly.

First, we should make a good eating habit. Then regular exercise is an important part of keeping us healthy. What's more, I think friends are an important part of one's health. Many studies show that people with a wide range of social contacts get sick less than those who don't.

By eating properly and exercising regularly, we can keep our bodies at a proper weight and keep healthy. By spending time with friends, we can keep our minds as well as our bodies healthy.
